

User walkthrough

New arrivals:

1. Go to <https://cosc360.ok.ubc.ca/lrodrigo/home.php>
2. You will be able to see and select from the Top 5 Posts and Themes or select a post from the See What's New! section.
3. You will also be able to use the Navbar to redirect you to: home, themes, posts, log in, or sign in.
4. You will be granted access to all themes, posts, and comments, but will not be able to like, dislike, or create a post/comment.
5. If you decide you want to participate in the discussion, welcome aboard! You can choose the sign in option to create an account.
6. For your account you'll need to provide a name, last name, username, email, and profile picture (optional).

Existing users:

7. If you wish to log in, you may choose the log in option from the navbar and filling up the log in form.
8. Once logged on to the website will redirect you to your latest page.
9. Logged in you will be able to like, dislike, comment, and post.
10. If you wish to like, dislike, or comment this can only be done when inside a post.
11. To comment you can fill in the comment form and press submit. This will create your comment and display it for other people to see.
12. You can edit a comment by pressing the edit button, once your content with your edit you can press save or cancel to revert any changes.
13. If you wish to create a post, you can create one by clicking "Create Post" the navbar. This will redirect you to a form to fill out what your post's title, content, and connecting theme will be. Press the submit button and be redirected to your post's page.
14. You can edit your post by pressing the edit button, this will let you change the title and the content of the post. You can save your changes by pressing the save button or you can cancel the action by pressing the cancel button.
15. If you wish to create a theme, you can create one by clicking "Create Theme" in the navbar. This will redirect you to a form to fill out what your theme's title and description will be. Press the submit button and be redirected to your theme's page.
16. If you wish to search for a post, click on "Navigate" on your navbar, this will redirect you to a page listing all of the website posts, you can narrow your search by looking for a specific title name, or sort the posts by name, likes, and date.
17. If you wish to search for a theme, click on "Themes" on your navbar, this will redirect you to a page listing all the website themes, you can narrow your search by looking for a specific theme name, or sort the posts by name, likes, and date.
